FABRICS AND WALLPAPERS BY CHIVASSO

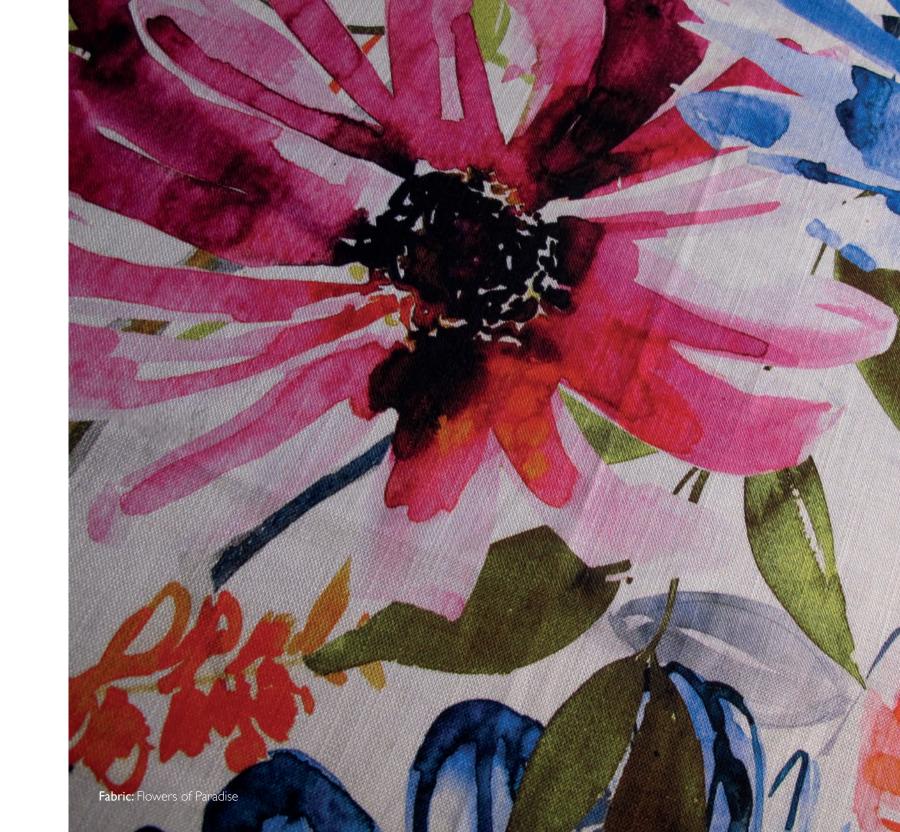

CHIVASSO PRINTS

Make believe you are in paradise with these exotic prints. We found inspiration for this bold and eclectic set of prints in rich rainforests and botanical gardens. Enticing blooms and flowers are combined with lively birds and butterflies. Bold vibrant colours were used to accentuate these cheerful designs.

Sometimes the iridescent tones and intricate patterns on wings and petals found in nature, seem unnatural and almost synthetic. We used these wonderful bold patterns and colours to create these prints in a range of vibrant colours.

Use the prints in throws, cushions and curtains for an instant lift to your room.

Rich linen cotton mix fabrics in neutral whites and linen colours are printed with intricate designs of flowers and birds.

Traditional floral patterns have been revamped and reworked in a range of new colours. Cheerful bird designs are used in an all-over print, in both vibrant and muted colours.

CHIVASSO FLORAL LIVING

CHIVASSO BIRDSONG

In nature birds provide us with a very wide spectrum of vibrant colours that stand out amongst the deep green hues of the foliage. Birds of paradise are a species of exotic birds found deep in the dense rainforests of New Guinea, Indonesia, and Australia. They are renowned for their alluring plumage and bold colours.

Native cultures often use bird plumes in their dress and rituals. These brightly coloured feathers became popular as adornment for costumes and millinery in Europe. Unfortunately the hunt for these plumes have reduced some species to the endangered status. To pay hommage to these wonderful intrepid patterns we have created these bird prints in a range of vibrant colours.

CHIVASSO WALLPAPERS

Add a touch of subtle luxury to your interior with these fine wallcoverings made of the finest linen. The use of natural linen fibres on a paper base give a beautiful delicately washed look to your walls.

The wallpaper is available in a broad spectrum of colours. For a subtle effect choose one of the soft powdery colours, or for a more bold look go for one of the deeper, brighter shades of emerald green, indigo blue or ruby red. This delicately structured wallcovering has depth and a sophisticated feel.

CHIVASSO COLOURS

The prints in this collection are bold and vibrant with a rich colour palette. All the colours of the plain and transparant qualities were chosen so their colours coordinate perfectly with the striking colours of the prints. We have chosen to highlight a few different colour groups, and use these to show the different prints and designs.

Choose one of the colour schemes in these images or mix and match and choose one of your own..

CHIVASSO CELADON LIVING

OPEN TRANSPARENT AND BRIGHT, FABRICS AND WALLPAPERS BY CHIVASSO, LIVING

Create a subtle sense of privacy with beautiful soft transparant and semitransparant sheers.

This collections includes several different sheer room-high qualities.

Structured fabrics with a slight crushed effect are combined with smooth fabrics in a range of subtle neutral colours.

The fabrics are versatile an beautiful and are produced using material combinations such as linen and polyester.

 $\overset{\textstyle >}{B}$ S "We live life to the full and travel extensively, absorbing all the different influences around us. We filter and translate these to create new collections with our team.

With our fabrics and wallpapers we try to stimulate the senses, emote and inspire. It is like peeling an apple, cutting away all the extra information to get to the juicy core."

Richard James, Ellen Steentjes
